HB243

SCH-POLICE JOB TRAINING PROG (FLOWERS M) Amends the School Code. Creates the police training academy job training program. Requires any school district with a high school to establish a partnership with a local police department, county sheriff, or police training academy to establish a jobs training program for high school students. Provides that the program shall be open to all students regardless of academic history, but that school districts may impose requirements to maintain successful participation in the program. Requires the State Board of Education to track students participating in the programs. Amends the Higher Education Student Assistance Act. Creates the police training academy job training scholarship program. Provides that the Illinois Student Assistance Commission shall receive applications for scholarships from any applicant that has successfully completed the police training academy job training program and been accepted to any public institution of higher learning in the State. Provides that applicants who are determined to be eligible for the scholarship shall receive, subject to appropriation, a renewable scholarship to be applied to tuition and mandatory fees and paid directly to the public institution of higher learning at which the applicant is enrolled. Allows the Commission to establish by rule academic requirements to maintain access to the scholarship. Grants students who have received a scholarship access to any needed noncredit remedial courses in order to ensure academic success, as well as access to a student retention program offered by the public institution, including, but not limited to, CHANCE programs. Allows the Commission to make all necessary and proper rules needed for the program.

House Committee Amendment No. 2 - Replaces everything after the enacting clause with provisions of the introduced bill with the following changes: Limits the police training academy job training program to counties with 175,000 or more inhabitants. Allows school districts to establish one or more partnerships (rather than establish a partnership). Allows school districts and partner agencies to impose specific program requirements. Amends the State Finance Act to create the Police Training Academy Job Training Program and Scholarship Fund as a special fund in the State treasury to provide support for the police training academy job training and scholarship programs. Makes conforming changes.

House Committee Amendment No. 3 - Provides that certain school districts may (rather than shall) establish one or more partnerships to establish a jobs training program for high school students.

PEN CD-IMRF-ELECTED OFFICIALS (OLSEN D) Amends the Illinois Municipal Retirement Fund Article of the Illinois Pension Code. Provides that a person who holds part-time elective office is not a participating employee with respect to that office, unless he or she (i) was elected to that office before the effective date of the amendatory Act and (ii) has elected while in that office to become a contributor. Provides that an elective office shall be presumed to be part-time in the absence of an official job description or determination by the legal advisor of the applicable unit of local government, filed with the Board of the Fund every 4 years, declaring the elective office to be full-time.

House Committee Amendment No. 1 - Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Specifies that an elective office shall be deemed to be part-time if it normally requires the performance of duty during less than 1000 hours a year for a participating municipality or instrumentality. Removes provisions creating a presumption that an elective office is part-time in the absence of an official job description or determination by the legal advisor of the applicable unit of local government, filed with the Board of the Fund every 4 years, declaring the elective office to be full-time.

HB3447 HIGHER ED-TUITION REDUCTION (WELCH E) Creates the Tuition Reduction Act. Beginning with the 2017-2018 academic year, requires each public university located in this State to reimburse its full-time resident undergraduate students a portion of the tuition charged in the form of a grant applied directly to a student's financial aid account. Provides that to determine the per-pupil grant amount, the university shall calculate the difference, if any, between the current fiscal year's aggregate appropriations to the university and fiscal year 2015's aggregate appropriations to the university and divide that amount by the number of students enrolled in the previous academic year. Provides that 50% of this calculation then equals the per-pupil grant amount, to be awarded to currently enrolled students to reduce their tuition costs (unless the current fiscal year's aggregate appropriations to the university are equal to or less than fiscal year 2015's aggregate appropriations). Requires each university to annually report updated estimates of the total amount in grants awarded in an academic year to the Governor and the appropriate committees of the General Assembly. Effective immediately.

House Floor Amendment No. 1 - Replaces everything after the enacting clause with provisions of the introduced bill with the following changes: Provides that the terms of the Act only apply to appropriations to public universities for operations. Changes the year with which to compare a university's appropriations from 2015 to 2002. Provides that the tuition grant shall be determined by dividing the differences in appropriations by the number of students enrolled on the 10th day of the previous academic year (rather than divided by the number of students enrolled in the previous academic year). Provides that if the General Assembly increases funding for each university for 4 consecutive years, the Board of Higher Education shall report to the General Assembly on whether or not the Act should be repealed. Effective immediately.

PEN CD-TIER 1 ELECTION (CULLERTON J) Amends the General Assembly, State Universities, Downstate Teacher, and Chicago Teacher Articles of the Illinois Pension Code. Requires active Tier 1 employees to elect either to (i) have automatic annual increases in retirement annuity delayed and reduced or (ii) maintain the current benefit package with additional limitations on pensionable salary. Provides that a Tier 1 employee who elects item (i) is entitled to have future increases in income treated as pensionable income, have contributions reduced to a specified rate, and receive a consideration payment of 10% of contributions made prior to the election. Provides that a Tier 1 employee who elects item (ii) is not eligible to have future increases in income treated as pensionable income. Makes funding changes. Restricts participation in the General Assembly Retirement System to persons who became participants before the effective date. Amends the State Pension Funds Continuing Appropriation Act to provide a continuing appropriation for the amounts of the consideration payments. In the Chicago Teacher Article, requires the Fund to make consideration payments. Amends various Acts to make conforming changes. Amends the Illinois Educational Labor Relations Act and the Illinois Public Labor Relations Act to prohibit bargaining and interest arbitration regarding changes made by the amendatory Act; exempts certain existing agreements. Amends the State Mandates Act to require implementation without reimbursement. Makes other changes. Effective immediately, but this Act does not take effect at all unless Senate Bills 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 12, and 13 of the 100th General Assembly become law.

Senate Floor Amendment No. 3 - Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill, but with changes that include the following. Further amends the Illinois Pension Code. In the General Assembly Article, provides that a Tier 1 employee must make the election before March 31, 2018 (instead of March 1, 2018). In the General Assembly, State Universities, Downstate Teachers, and Chicago Teachers Articles, makes changes to provisions concerning a Tier 1 employee's acceptance of a future increase in income and specifies that the election to have automatic annual increases reduced also applies to survivors annuities. Changes the definition of "future increase in income" to reference increases to a Tier 1 employee's base pay (instead of an increase in income in any form) and adds a definition of "base pay". In the General Assembly, State Employee, State Universities, and Downstate Teachers Articles, makes changes to the funding formulas. In the Chicago Teacher Article, provides that the State Comptroller (instead of the Fund) will make the consideration payments and amends the State Pension Funds Continuing Appropriation Act to provide a continuing appropriation for those consideration payments. In the State Universities and Downstate Teacher Articles, requires an additional contribution from employers for employees that earn more than \$140,000 (instead of more than the salary set for the Governor) in a school year. In the State Employee, State Universities, and Downstate Teachers Articles, no later than January 1, 2018 and each year thereafter, requires those Systems to calculate the net present value of the pension benefits for certain inactive members and to offer those members the opportunity to elect to receive an accelerated pension benefit payment equal to 70% of the net present value of his or her pension benefits in lieu of receiving any pension benefit. Provides that if a person elects to receive an accelerated pension benefit payment, his or her credits and creditable service under that Article shall be terminated upon receipt of the accelerated pension benefit payment; except that the terminated service credit shall be used for the purposes of determining participation and benefits under the State Employees Group Insurance Act of 1971. Makes conforming changes in the State Employees Group Insurance Act of 1971. Makes other changes. Effective immediately, but does not take effect at all unless Senate Bills 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 12, and 13 of the 100th General Assembly become law.

SB1897 HIGHER ED-TUITION REDUCTION (MCGUIRE P) Creates the Tuition Reduction Act. Beginning with the 2017-2018 academic year, requires each public university located in this State to reimburse its full-time resident undergraduate students a portion of the tuition charged in the form of a grant applied directly to a student's financial aid account.
